In the tennis and golf teams, the Cougars and golf teams, end up big wins during the meet to set the stage for possibly the most important week in link and action preceding actual conference meet.

**E COUGAR** netters started shocking the Arizona court with an unexpected 6-3 decision. Arizona is the defending Western Athletic Conference p-

In Lowe upset the number-one Wildcat netter, nationally ranked Fred Drilling, 79-63, 64-6. Fort Harvey Bothwell and Bill Grimes also picked similar victories.

**SO OF THE three defeats** strangely, in the doubles where the BYU netters accounted to winning.

The 6-0 defeat to the Cougars (who also whipped New Mexico 8-0 last week) was Arizona's third defeat against 11 defeats.

**BYU CONTINUED** its winning streak Saturday putting down the Utah State racketmen 9-0, while Arizona picked up its fourth loss (9-0) against Utah.

The weekend victories by both Utah and BYU should set the stage for the meet between the two Beehive rivals Friday in Provo.

**AT THE BYU Intercollegiate Golf Tournament** held over the weekend at the Riverside Country Club, BYU's divotmen broke a tie with Utah to post a new team record of 373.

Cougar linksmen were fired up

two fabulous five under par rounds of 67 by Bud Allin and Kean Ridd that pushed the Cougars to their high, an eclipse of 13 strokes better than their previous record.

**UTAH, LED** by Bruce Summerhays with a fine 68, couldn't keep pace with the long drives and accurate puts of BYU's excellent golfers, although they managed to beat ahead 252 all at the end of the first day.

Utah's final total of 552 broke the old record of 550 recorded by four strokes, but wasn't nearly enough to head the surging Cougars. Utah State finished third in the tournament with 617, followed by fourth place Wyoming with 640.

BYU's Allin won the 36-hole individual medley with a 74-67-141, with Kean Ridd (75-67-142) and Bruce Summerhays, last year's medalist, (74-68-142) tied for second.

## Falcons Edge Out Falcons

The BYU baseballers touched come-from-behind technique over the weekend in preparation for three games with WAC next coming on Monday.

**H COUGARS MADE** it four row Saturday, downing the Force Academy, twice by 5-4, in a pair of seat squirmers.

It wasn't until the last of 12th that the first one was added. After Dennis Ladd had given up a pinch-hit single, Kenny Nielsen had doubled.

Roberts stepped up and won an 0-1 pitch down the field line to give the Cougars win.

Officer. In that game, BYU basemen Guy Hale chugged off that landed some 420 away from home plate! Lt.

Mike Caldarella came through the clutch for the Cougars in 11th as he ripped a single to tie it up at four.

Dennis Ladd went the distance BYU to get the win.

**COUGAR FANS HAD** to wait for the last minute again in the final game. On the strength of a fine hitting by Alf Porey, the Cougars were 10-0 when

they faced the Lobos.

They were leading 4-3 going

the bottom of the seventh when, fear back-to-back singles, Dick Nemuska, Butch Pauke,

Kirk Kurt and Dale sent pitcher Ladd to the showers.

Dick Gullion came in and

scored Nielsen to force a winning run.

**T WAS A** tough day for Gullion. In the first game, he came on

the 10th and held the Cats for

10 innings, only to lose it in the

11th.

# Erosion Threat Restricts Mountain Traffic Y Day

"Keeping students off Y Mountain is for the beauty of the mountain, it's not somebody's hair-brained idea to keep Y students from having fun," according to Ernest Bramwell, chairman of Y-Day projects this year.

Because of the serious and threatening erosion of the areas on Y-Mountain, the Forest Service restricts traffic on the mountain, Bramwell continued.

In 1956 MID-ROCK floods of major proportions came from the three major canyons east of campus. Prior to this time several smaller floods had created problems to valley residents.

Alarmed at the threat to life and property, the people of Utah County were instrumental in extending the National Forest bound-

dary to include the mountain. THE BLOCK Y is located on National Forest land, although the government has issued a special use permit to the University to improve and maintain two acres of land in and around the Block Y.

By 1961 BYU Physical Plant had surveyed erosion control and rehabilitation work was begun by students. Erosion control is still in progress.

**DUE TO THE WATER** erosion and essential ground growth on Y Mountain, students will be kept strictly on paths while painting the Y, and those not complying with the request will be escorted off the mountain, according to Bramwell.
